

## FRANKFORT ROUNDABOUT.

Pursuant to a call issued, a meeting of citizens opposed to the use of whisky and money in our city and county elections was held at the Court House Tuesday night.

On motion of Mr. E. P. Bryan, Rev. J. B. Tharp was called to the chair and H. G. Mattern appointed Secretary.

On motion, Messrs. E. P. Bryan, J. N. Crutcher, and E. A. Fellmer were appointed a committee on resolutions, who reported the following:

**Resolved**, That we deprecate the use of intoxicating liquors or money in our elections. Believing that it has been the source of much unwise legislation, and has for many years controlled our selections of public officers, we are firmly of the opinion that the time has come for us to declare that we will not vote for nor support a candidate who brings to his aid either liquor or money to advance his interests, and that we declare our unqualified condemnation of all undue means for election of candidates to any office, believing that representatives of the people should be selected for their sobriety, fitness for office and entire cleanness from all cliques or jobs.

E. P. BRYAN,  
J. N. CRUTCHER,  
E. A. FELLMER.

The meeting was addressed by several gentlemen.

On motion it was ordered that the proceedings of the meeting be published in the city papers.

J. B. THARP,

Chairman.

H. G. MATTERN, Sec'y.

The meeting would have been largely attended, but for the fact that many persons went to the Court House in the early part of the evening, found the Chancery Court in session, and thinking there was to be no meeting went away. The court adjourned about eight o'clock, when the above proceedings took place.

If Catarrh has destroyed your sense of smell and hearing, Hall's Catarrh Cure will cure you. 75 cents per bottle. Druggist sell it.

### Belle Point.

Mr. Ed. Brawner and family have moved back to town.

Mrs. Lucy Conner, of Louisville, is visiting relatives here this week.

Mr. Jas. S. Davis has rented rooms from Mr. Jas. Moore, and moved in.

Miss Nannie Stivers visited relatives in the lower part of the county last week.

Mr. Chas. P. Nickols visited relatives in Woodford county the first of the week.

Mrs. W. H. Netherton, who has been quite ill for some time, is improving slowly.

Miss Lizzie Penn, from the Pleasant Ridge neighborhood, visited Miss Nannie Stivers Monday.

Mr. W. H. Lewis has purchased of the Ed. Barnes heirs a lot on Kentucky avenue, adjoining Capt. S. V. Pence's property, for \$450 cash.

Miss Maggie Demorest, who has been visiting the Misses Todd at Lake Park for some time, returned to her home in New Jersey Wednesday.

Mr. Sid. S. King, who has been on a three weeks' visit to relatives in Illinois and Missouri, returned in time to eat Thanksgiving dinner in town Thursday.

On dark nights the street lamp on the corner of Kentucky and Benson avenues is kept lighted by Mr. C. L. McKee, who has the best wishes of many night pedestrians.

The annual election of five Councilmen to represent the people of Belle Point for the year 1883 comes off January 6th. It is probable the same Council will be re-elected.

The Champion Saw-mill finished sawing for this season last week, having cut since January 1st eleven thousand five hundred logs, making 3,640,533 feet of lumber, being an increase of nearly a million feet over last season's work.

About three weeks ago some one shot a very valuable horse belonging to Judge W. L. Pence through the back joint of the left hind leg, and he is now in a very bad condition. He was on Mr. Geo. Macklin's pasture at the time he was shot. It was done between Saturday night and Monday morning.

Captain S. V. Pence informs me that the stock in the People's Kentucky River Navigation Company has nearly all been taken, and anyone that has not subscribed and wishes to do so, can find stock books at the following places: D. L. Haly's grocery, Ferguson & Meek's Machine shop, and J. M. Wakefield's lumber office. He also says that the dividend derived from this company will not be less than 10 per cent, if managed properly, besides the extreme low rate of freight it will afford shippers.

Now Captain Pence, the originator of this enterprise, is well and favorably known to the people along this river as a man of untiring business energy, and in every way capable of taking charge of this enterprise and making a grand success of it. The people along this river, who have been gouged long enough by high freights, should encourage Capt. Pence in getting up this company by subscribing to the capital stock, and by otherwise lending their aid to a company whose motto shall be "low rates and cheap transportation to all."

## A MINISTER'S ESCAPE.

From the Asylum to the Bosom of His Home—How it was Done.

A prominent minister residing at the east has just made the following statement, which is herewith reprinted entire:

To the Editor of the Herald:

I have always shrunk from appearing prominently before the public, but a sense of the duty I owe humanity and the world prompts me to ask this opportunity for making a brief statement in your paper.

Whether it be true with others I cannot say, but during my entire life I have frequently been conscious that something was slowly and silently working to undermine my health and life. What it was I could not tell, but that some enemy of my being was devouring me within I was certain. At times I would seem comparatively well, and then I would be attacked with the most distressing symptoms. I would feel peculiar pains in various parts of my body, my head would seem heavy; my respiration labored; my appetite would be ravenous one day and I would loathe food the day following. Then again I would lose all interest in life; would feel weary without exertion; would become sleepy at mid-day and restless at night. Occasionally my breathing would be labored and my heart almost motionless, while at other times it would palpitate violently. I thought these troubles were the result of malaria, and I treated them accordingly, but I got no better. Shortly afterwards my stomach became deranged, my food failed to digest, and the fluids I passed were of a peculiar odor and color. And yet I did not realize that these things meant anything serious. Finally I consulted a number of eminent physicians, each one of whom took a different view as to the cause of my troubles. One said I was suffering from brain disease; another spinal difficulty; others heart affection, kidney disease, etc. My symptoms were terrible, and in the hope of relief I was canterized, cupped, blistered, and subjected to almost every known form of treatment. During one of these attacks, while at Red Bank, N. J., a physician was called, and left a prescription. After he had gone, I requested a friend to go and ask him what he thought of my trouble. The reply was: "Oh, he will be all right in a few days; it is only an attack of denarium tremens." He was at once informed that this was impossible, as I had never used any kind of intoxicating drinks; whereupon he returned, made inquiries and changed his prescription. But all the care of my friends and physicians availed nothing. I grew worse constantly, and what is most terrible to think of, I did not know what ailed me, nor could I find any one who did.

During the summer and fall of last year my pulse ranged from 120 to 130 per minute; I had no relish for food, and was indeed a most pitiable object. I continued in this state until last December, when I became unconscious and lost my reason, though I had two physicians in whom myself and friends placed implicit confidence. In this condition I was taken to Brattleboro, Vt., for the purpose of being placed in the insane asylum. I remained there until last April, being attended all the while by my faithful wife who never left me and believed that some disease and not insanity was the cause of all my trouble. I regained consciousness in March last and insisted upon being taken home. The physicians advised that I remain, but I insisted upon leaving, and we began the journey, traveling slowly. I was met at the dock by a friend whom I recognized and then I became again unconscious and remained so for over a week. When I once more recognized my friend and knew my surroundings I determined to try, as a last resort, a treatment of which I had heard much but knew nothing. Neither myself nor friends had much faith that it or anything could help me, but we resolved to try. We accordingly dismissed the physicians, gave up all other remedies, and I rejoice to say that with the blessing of Him who guided us I am today a well man, having not been so vigorous for many years, and I owe it all to the wonderful, almost miraculous power of Warner's Safe Kidney Cure, the remedy which I used.

You can well imagine how grateful I must feel under the circumstances, and, like a new convert, I earnestly desire that all who are suffering should know and avail themselves of this means of recovery. Had it not been for the remedy above named I should doubtless now be within the wall of an asylum or in my grave. The great trouble with my case was that no one seemed to know what I was afflicted with, and I am positive that thousands of people in America to-day are in the same or a similar condition, and do not know its cause. Kidney troubles are the most deceptive of all diseases. They have no symptoms of their own, but often show the symptoms of nearly every known complaint. I know that people are dying every day from supposed consumption, apoplexy, heart disease, spinal complaint, and many other diseases, when, could the real cause be known, it would be found to originate in the kidneys. In their advanced stages kidney troubles are the most terrible of all known maladies, as my own experience can fully verify. That I had Bright's disease of the kidneys there can be no doubt. That the symptoms were those of many other diseases is equally certain, and that I was doomed to a terrible death had I not been saved as I was, I am positive. The following letter just received, confirms this:

VERMONT, ASYLUM FOR THE INSANE, BRATTLEBORO, VERMONT, Oct. 30, 1882.

Rev. E. D. Hopkins:

DEAR SIR: Yours of the 21st inst. received. We congratulate you not only upon the continuance of your health, but also upon its apparent continual improvement.

Few persons, I think, have passed through so exhausting experience as you and rallied from it. Certainly I cannot recall one who came to us in so critical, and for days and weeks in so hopeless a state for amendment as you, and who survived and recovered from it; for I think, you may now consider yourself recovered and no longer on the convalescent list. Hoping for the continuance of your present health, with the best wishes from all here,

I am, yours truly,

J. DRAPER.

OCEANIC, N. J., Nov. 2, 1882.

MY DEAR FRIEND: Replying to your letter I would say, I have been acquainted with my highly valued friend, the Rev. E. D. Hopkins about eighteen months, and very intimately acquainted for about six months past. For a little more than five months he was an inmate of my house, and we enjoyed constant intercourse with each other. When he came in April last he was almost a perfect wreck in point of health. I thought he had come to us, but to die. Soon afterwards he began the use of some of H. H. Warner & Co.'s remedies, namely: the Safe Kidney and Liver Cure, Safe Nerve and Safe Pills. From almost the time he began their use his improvement was very marked and wonderful, and when he left us, after having taken some two dozen bottles he was like a new man. The change was the most remarkable I ever witnessed.

SAMUEL MILLER.

(Pastor of the Presbyterian Church.)

In view, therefore, of these facts and with a hope that all who read this may take timely warning, I make this open statement freely and for the good of my fellow men.

Sincerely,

(Rev.) E. D. HOPKINS, East Richmond, Vt., Nov. 7, 1882.

Capt. Sam. Goins now has on hand about 2,000 young water maple shade trees, three and four years old, which he will set out at low prices, and warrant to live.

Messrs. McElroy & Collins purchased a few days since from Mr. W. J. Chinn a yearling filly by Lever, a weanling by Ten Broeck and the brood mare, Sallie Harper, by Endorver. The latter is sired to Blue Eyes. Prices private.

Messrs. W. J. & W. H. Lewis sold on Saturday, to Mr. W. L. Collins, a fine yearling filly by Ten Broeck, first dam by Planet, second dam by Australian, third dam by Lexington, for \$100. Mr. Collins will place her in charge of Ed. Jordan, the celebrated trainer at Fleecewood Farm, who will doubtless have her in readiness to start in some of the spring races. Judging from her breeding she will be heard from on the turf in the next year or two.

## No Whiskey!

**BROWN'S IRON BITTERS** is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

**BROWN'S IRON BITTERS** is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. Rice, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.

Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

**BROWN'S IRON BITTERS** has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
